## STOCK WESTERN SHIRT FIT GUIDE

**NECK:** Find a shirt with a collar that fits well. Unbutton the shirt and lay it flat, button side up. Measure from the center of the collar button to the far end of the buttonhole. Or, to measure neck instead of a shirt, place a tape measure around neck. Slip two fingers inside tape measure for a comfortable fit.

**CHEST:** Measure around upper body just under arms, across shoulder blades while holding tape measure firm and level.

**SLEEVE LENGTH:** With arm relaxed as side and slightly bent, measure from the center of the back of your neck, over point of shoulder, down the outside of the arm, to the wrist.

If you don't have a measuring tape, use a piece of string and hold it alongside a ruler.

**BUST / CHEST:** Measure around the upper body, just under the arms, across the shoulder blades, while holding the tape measure firm and level.

If you don't have a measuring tape, use a piece of string and hold it alongside a ruler.

For the best fit, we suggest that you measure without clothing on.
